Abitare

PAUL ceramiche

Abitare

Abitare nasce per accompagnare la vita quotidiana con una superficie semplice, materica e naturale. L'effetto cemento, in due tonalità, crea rivestimento a pavimento e parete continui e discreti, capaci di mettere in relazione interno ed esterno con equilibrio.

Abitare was created to complement everyday life with a simple, textured and natural surface. The concrete-effect finish, available in two shades, creates seamless and understated floor and wall coverings that harmoniously bridge the gap between indoors and outdoors.

Abitare a été conçue pour accompagner le quotidien grâce à une surface simple, texturée et naturelle. L'effet béton, décliné en deux teintes, crée des revêtements de sol et muraux continus et discrets, capables de relier l'intérieur et l'extérieur avec équilibre.

Abitare wurde entwickelt, um den Alltag mit einer schlichten, strukturierten und natürlichen Oberfläche zu begleiten. Der Beton-Look in zwei Farbtönen sorgt für durchgehende und dezente Boden- und Wandbeläge, die Innen- und Außenbereich harmonisch miteinander verbinden.
